SAFETY IN NUMBERS:
*A 1% Solution*

We learn geology the morning after the earthquake.
--Emerson

Sometimes I think war is God's way of teaching us geography.
--Paul Rodriguez

We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.
--Longfellow

fall 1998

23

New Curriculum instituted.

fall 1999

40

University System of Georgia adopts semester system.

fall 2000

41

GEOLOGY
It's not just a major, it's an adventure.

"Vigilante" meets the idea of what to find in North America.

"No Spitting, No Talking" remains an ideal white whale.

North American Geographic Information Systems (NAGIS) is established.

Geologists and geographers come together to discuss the American landscape.

Geology and Geography Majors

Geology and Geography

We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.
