

April 18 - 25
MEDIA KIT

Earth Day Network will release a Climate Education Toolkit for K-12 students,
using our extensive Educator's Network

Facebook/[EarthDayNetwork](#) /// Twitter/[@EarthDayNetwork](#) /// Instagram/[@earthdaynetwork](#)

www.climateeducationweek.org

Message Actions:

Read and Lead

[Climate Education Week](#) provides educators with exciting climate science lessons and activities that meet Common Core and Next Generation Science Standards. It also includes fun project ideas for educators on Earth Day.

The theme of Earth Day 2015 is It's Our Turn to Lead. We seek to harness the power of Earth Day to pressure the world to recognize the massive challenge that climate change presents. Our students are leaders today. Let's equip them with the tools to make the right decisions!
