

# CLIMATE RESILIENCY FELLOWSHIP

A year-long professional opportunity for educators committed to learning and teaching about climate change.

Apply as a school team (2-4 educators) to design and implement interdisciplinary climate change education and place-based service learning projects in your school, shaped by youth interest and voice. Your team will be supported throughout the year by a network of educators, program facilitators, and regional partners.

*For educators of grades 6-12.*

\$500/team, scholarships available. Optional graduate credit through Castleton University. [Submit a team application](#) by March 1, 2019. Notification/team registration by March 31.

Questions? Kerri McAllister: [kmcallister@shelburnefarms.org](mailto:kmcallister@shelburnefarms.org) or Aimee Østensen: [aostensen@shelburnefarms.org](mailto:aostensen@shelburnefarms.org)

## JULY 15-17, 2019 • Summer Kick-Off

Shelburne Farms, Shelburne, Vermont

You'll cover foundational climate change and educational content and spend time reflecting and planning your team's action plan, all while enjoying the amazing lake-side setting and terrific food!

## NOVEMBER 8-9, 2019 • Fall Gathering

Location TBD

Build on your content knowledge and action plans, and get real-time peer feedback.

## JANUARY 2020 • Winter Virtual Check-In

We'll address your emergent needs and questions and support the implementation of your classroom lessons and service-learning projects.

## APRIL 2020 • Spring Culmination

Shelburne Farms, Shelburne, VT

Reconvene to celebrate and share your efforts and successes.
